

Volunteer Opportunity

Support Adults with Autism in OC

Sunday, February 12, 2017 | 12-5:30pm

UC Irvine Student Center

Anteaters for Autism at UC Irvine in collaboration with, CSUF's Center for Autism, Chapman University, and The Family Autism Network are recruiting students and faculty members to participate in a

Social for Adults with Autism (ages 16 & up) and their Caregivers.

Our goal is to provide a safe and fun environment while promoting social interaction. Socials are cost-free and especially rewarding for volunteers.

[Volunteers arrive at 12:00 pm.](#)

Volunteers will

- Work with teens and adults with ASD
- Gain experience supporting caregivers of adults with ASD
- Network with faculty members, students and professionals from 3 universities
- Receive a community service certificate for volunteering

This is an especially rewarding experience and opportunity to increase community outreach and support for families affected by autism. Please consider sharing your time, skills, and energy.

For additional information and to register as a volunteer, please visit:
