AUTISM RESOURCE MOM, INC.
Autism Resource Mom (ARM) is a 501(c)(3) nonprofit organization. Our mission is to provide support, guidance and hope to families of children with autism spectrum disorder.

Founded by Debora L. Smith, the mother of a young adult with ASD—and energized by parents and caregivers who face the challenges of autism 24/7—ARM offers monthly support and informational workshops for parents and caregivers, along with regular social activities and independent living skills workshops for individuals living with autism—opportunities for interpersonal connections and preparation for success in future relationship, employment and personal fulfillment. Read more about us in The Orange County Register (http://www.ocregister.com/articles/says-743773-drew-autism.html).

If we can help just one kid or family member each day, then we’ll have made the difference we strive to achieve.
